

UNIFORM MANAGEMENT SYSTEM

The band uniform order is to be accompanied by a Uniform Management System program with the following features:

Customer information is available via:

- Uniform Management System program - CD or Internet Download
- Customer Data - Internet Download

The Uniform Management System will manage student information regarding the assignment of band uniforms and is alterable on a continuing basis as sizing needs change. The program will contain an AUTO-ASSIGN feature which automatically assigns uniform pieces to the students based on their entered measurements. In addition, the student database will include full contact information for student and guardian, and will possess the ability to generate address labels and garment bag identification tags. The system will also produce student uniform rental/usage agreements as per needed. The software will be compatible with Microsoft Windows XP, Microsoft Windows Vista, and Apple Mac OS X (PowerPC and Intel). The Uniform Management System must provide ONLINE/TELEPHONE technical support FREE OF CHARGE. Software updates will be available 24 hours a day, 7 days a week via the internet site.

Style Specifications

Quantity: 100
Band Type: Band

Style: Waist Length Front with Tails
Fabric: RejuviTex-100% Synthetic-14 oz.
Shade: Nightshift Navy

Closure: Concealed front zipper closure.
